Daly City Tops Bond Drive Quota

December 22-27 Busy Week at Police Dept.

Daly City police had a rather busy week from December 20 to 27. Many of the usual order of complaints were taken care of, such as lost dogs, drunks, various arguments, etc. Other more serious affairs were also handled in stride by the local department.

On December 20 Mr. Aldinger of the Capital Nursery at 88th and Junipero Serra reported that someone had stolen ornamental shrubs valued at about \$20 from his place of business. He stated he had just planted them and they still had the sacks around their roots. This matter was referred to all officers.

Fredrick Durgeloh, 155 Ralston street, San Francisco, was stopped by officers December 22 for driving in an erratic manner on San Jose avenue. Officers found that he was under the influence of intoxicating liquor. He was jailed and bail was set at \$100.

Guy Keppner was arrested December 22 when he was found sleeping in the Daly City Creamery. He was jailed and later released on \$5 bail to appear before Judge Sweeney on December 29.

A number of auto collisions were reported and investigated by the police. Most of these resulted in only small property damages.

Robert Marshall Renfro on December 24 at 12:50 a. m. while allegedly under the influence of intoxicants thrust his hand through a window of Warshawski Dry Goods store, breaking same. Renfro was jailed and later released on \$25 bail to appear before Judge Sweeney on December 29.

A. Meavedeff, 18 Roosevelt avenue, reported that his car had been ransacked. Tools, a flashlight and a ladies' compact were taken.

Officers R. Beecher and Welsh on December 25 at 5:15 a. m. noticed a Ford coupe that had been reported stolen. They stopped the car and arrested Woodrow W. Mosley, who was jailed and later turned over to Redwood City police.

Glen Winfield Folck was arrested December 25 for driving at a high rate of speed on Templeton and Alexander avenues. He was jailed for violation of Sec. 502 C.V.C. Judge Sweeney set bail at \$100.

Edward W. Hayden, 2101 Junipero Serra boulevard, reported on December 26 that someone had broken into his home. Officers responded and found that entrance had been made by throwing a rock through a window and then unlocking it. The house was ransacked but very little was taken.

Henry Schult, 288 Hillcrest drive, was taken to Community Hospital December 27 in the Daly City ambulance.

Housewives Are Asked to Destroy Useless Stamps

OPA invalidated many ration stamps as of noon Tuesday, December 26. Housewives were asked to destroy red stamps A8 through Z8 and A5 through P5; blue stamps A8 through Z8 and A5 through W5; sugar stamps 30, 31, 32, 33 and 40; also all home canning coupons.

Changed point values for canned fruits will go into effect next Sunday, but new values for processed vegetables were effective December 26. Butter was advanced from 20 to 24 points a pound.

New Withholding Rules Start Jan. 1

Under new withholding rules, applicable after December 31, 1944, all wages paid during January 1, 1945 will be subject to the new rates. Collector of Internal Revenue Harold A. Berliner said recently.

Even though wages paid in 1945 are for work done in 1944, such wages Collector Berliner said will be subject to the revised withholding rates.

The 1944 withholding receipts on forms W-2, (Revised 1944) should not include any wages paid or tax withheld after December 31, 1944.

Servicemen's Club Scene of Christmas Eve Gala Holiday Party

On Christmas Eve, December 24, a Christmas party was held at the Daly City Servicemen's club, 6201 Mission street. Refreshments of turkey sandwiches, pie, etc. were served. Santa Claus was there, too. Gifts were given to every serviceman.

The committee for the club, Mrs. Anne Eason, Mrs. Maisie Boyle, and Mrs. Margaret Steele were in charge.

"Thank You's" go to Frank Rehe for donating a turkey and Mrs. Edward Byrne for donating some apple, mince and pumpkin pies. The committee announces that a New Year's party will be held at the club also.

Jefferson's Sixth War Loan Exceeds Quota

With more than \$1000 over the quota set by the Treasury Department for amount equal to \$25 for each student enrolled, Jefferson, in the Sixth War Loan Drive, amassed a known total of \$12,576.80 with the addition of several bonds purchased during the three-day drive but not yet ordered from the bank because the application blanks were incomplete or incorrect.

GAS BOOK OWNERS GIVEN INSTRUCTIONS ON 1945 LICENSES

Instructions to motorists for endorsing their gasoline ration books with their new 1945 automobile license numbers have just been announced by the Mileage Rationing Division of the District Office of Price Administration.

On receiving their new license plates, car owners should draw a line lightly through the old license number on the cover of the ration book, and write the new number above it. Care should be taken that the old number is not completely obliterated, OPA emphasized.

The same procedure of crossing out the old number lightly and adding the new one should be followed with the Mileage Rationing Record.

The old license number, written on the face of the gas coupons by the motorist upon receipt of the ration book, should not be changed on the individual coupons, OPA added.

January 2 Date For Opening of Local Schools

After a two-week vacation, students of the public grammar schools, Jefferson Union high school, and Our Lady of Perpetual Help parochial school will return to their classes on Tuesday, January 2, 1945.

The public schools were out one day earlier to permit teachers to attend a one-day institute in the auditorium of Sequoia high school, Redwood City.

THEATRE PARTY GRAND SUCCESS

With an attendance of over 1300 the theatre party given for the children on Monday, December 18, was a huge success.

Program for the day included an exciting western, several comedies, and community singing. The children were given ice cream. Members of the Women's Civic club distributed the candy. James Welsh of the local police department was Santa Claus.

Colma District Reaches Goal in Sixth War Loan "E" Bond Quota Lags

The Colma district, with John Ferrari as the Sixth War Loan chairman, made its goal of \$82,440. Of this there was only 60 per cent of the total E bond quota obtained and only two days left to make the quota. The quota for E bonds is \$58,720.

Council Meeting Limited To Short Business Session

The Tuesday night, December 26, meeting of the city council turned out to be somewhat short with only a few matters of official importance being publicly discussed. Some department reports were read, a gasoline contract accepted, and bills approved and ordered paid.

B. L. Merritt was granted another 30 days leave of absence from his duties as a city councilman. It was stated that this was necessary as Councilman Merritt probably could not get back before that time.

The Texaco Co. was granted the city gasoline contract as it was the lowest bidder among those companies submitting bids. Their bid was for 14 cents a gallon on Ethyl gasoline and 12 cents a gallon on the regular or white gasoline. Figures submitted included the state gasoline tax but did not include the federal tax.

A report from the city poundmaster showed that a number of cats and dogs had been picked up by that department during the month. Of the total number picked up 10 cats and 9 dogs were disposed of. Several dead animals were picked up from the streets.

Building Inspector Bodien's report was read to the council members by B. C. Ross, city clerk.

Members of the council voted to refer the matter of a repair bill for Fire Chief Chesney's car to the Fire commissioners.

Following the reading and approval of bills the meeting was quickly closed when the council unanimously "ayed" an adjournment proposal.

Traffic Violations Hold Spotlight at City Court Session

At the city court session held on Friday afternoon, December 22, there were seven cases of violating traffic regulations. Other cases included two drunken driving charges, and one for violation of City Ordinance No. 209 (being drunk in a public place).

The session was presided over by Judge William J. Sweeney.

The following paid fines: Milla G. Littrell, 373 Bellevue avenue, Daly City, \$2.50, signal; Marvin York, 19 John street, Salinas, \$5 fine with \$2.50 suspended, speeding; Martin Adamson, Los Altos, \$7.50, speeding; Frank Baumann, 1542 Jasmine, San Mateo, \$5, speeding; Fred Hessemeyer, 1739 Cavaga street, San Francisco, \$1.50, arterial stop; Angelo Disperati, Colma, \$10.00, with \$5 suspended, speeding; Ralph Peterson, 390-4th street, San Francisco, \$5, speeding.

Swanson, 3801-18th street, San Francisco, also paid a \$50 fine for violating Sec. 502 c. v. c. Thomas W. Ozborn, 1224 Bayshore highway, South San Francisco, forfeited \$10 bail for non-appearance at court.

Mrs. Anne Eason and Mrs. Maisie Boyle of the Daly City Recreation department. The affair was made possible through the efforts of Mr. J. W. Marchbank and the city council.

This is a yearly event given for the children at Christmas time,

Sixth War Loan For Daly City Is Declared Success

Culminating a successful drive in the Sixth War loan campaign, Chairman Walter Lehigh, announces the following results:

The drive as a whole went over the top by a considerable sum. As of and including December 16th the quota for Daly City of \$148,392.00 was topped by the overall figure of \$152,257.00.

However, the district still lags in the E bond quota of \$130,930. As to and including December 16 only \$78,449 in E bonds had been sold in Daly City. In order to try to make the E quota, or better yet, to top it, the drive has been extended to December 31.

Chairman Lehigh in thanking all for their splendid cooperation and help still asks for a lot more enthusiasm on the part of E bond purchasers. He says it is really more important to top the E bond quota than it is to top the grand quota for this is the type of bond the government is trying so industriously to get into the hands of the American people.

Chairman Lehigh reiterates his thanks to those who have helped in the drive, but still asks for additional support among those who have not done their share up to the present time.

During the week of December 18 to 23 inclusive E bonds to the amount of \$27,368.75 were sold. Total E bond sales to and including December 23 amounted to \$105,817.75.

The grand total of all bonds sold by the end of December 23 was \$184,475.75. This leaves only a small amount to be raised to make up the E bond quota, while the total bond sales is already far over the top.

The following merchants in Daly City helped put the Sixth War Loan drive over the top:

McGraw's Pharmacy, Kantor's Shoe Repairing, Lombard's Cleaners, Mission Auto Co., Milo Market Vegetable Department, Milo Market Meat department, C. Behrend, (Jeweler), Donati's, Colma Auto Glass Co., Dolan Wrecking, Carr's Service, Wm. J. Sweeney (Student-baker Sales), Midtown Cleaners, Les's Place, Lucca's Meat Market, Edna's Beauty Salon, Mission Auto Court, Warshawski Department Store, and Gleason's Dress Shop. Bennett's Barber Shop, Little Beauty Salon, Lasswell Undertaking Parlor, Baum's Grocery, Crocker Grocery, Shell Service Station, Phil's Grocery, Madge Graf School store, Mac's Grocery, Farmer's Market, Bellevue Grocery, New Daly City Market, Bob's Barber Shop.

The following students of Jefferson Union High school assisted in the house to house canvass in the Sixth War loan:

Janet Warren, Marie Sharp, Jean Preston, Leona McAllen, Gloria Coleman, Rosemary Diguso, Pete Maravelias, John Vaughn, Charles Ferrando, Charles Hulse, Frank Torkelson, Jim Watson, Beverly Rowe, Alice Johnson, Elisa Paradiso, Betty Cheli, Miriam Miller.

Betty Carmichael, Jeanette Pate, Lois Rich, Barbara Blecher, Eva Claus, Marilyn Mosman, Peggy Hanley, Kathleen Schreiber, Jacqueline Cuneo, Doris Parodi, Leonine Oberg, Florence Hannah, Claude Undsett, Mary Pedersen.

Janet Peterson, Christine Morhopoulos, Bill Bank, Bob Lewis, Hazel King, Ellen Reardon, Jean Richbourg, Luana Banks, Lois Rentsch, Dorothy Webb, Rosemarie Attenisia, John Attenisia, Mary Castelan.

The students passed the goal set by the school at the beginning of the drive which was \$11,000.

The Girl Scouts and Brownie Troops of the Daly City-Colma area brought in \$1,000 in "E" bonds.

Members of the Sea Scout organization also assisted in the drive.

Come on everybody—dig down deep and help bring the E bond quota to the top. Better yet—put it away over the top!

News Delay Due to Faulty Addresses

News concerning men overseas, of vital importance to their families, is often delayed unnecessarily due to failure of dependents to notify the War Department of changes in address, the Ninth Service Command Adjutant General's office, Fort Douglas, Utah, declared today.

In one month as many as 4,000 telegrams were returned to Washington, D. C., because the addressee could not be found, official reports reveal. Practically every case of non-delivery was due to failure of the addressee to report the correct and complete address.

In keeping records of America's millions in service, the Adjutant General's office accepts the responsibility of notifying families as soon as possible after a serviceman has become a casualty.

Receiving this news late, or from other than official sources, is a great hardship to a soldier's family. Telegraph offices receiving messages for delivery cooperate fully in attempting to locate addressees and exhaust every possible means prior to returning them to the War Department.

However, it is necessary to return thousands stamped "ADDRESS INCORRECT."

Emergency addressees who have moved after departure of a soldier for overseas duty, or for other reasons, are urged to inform the Adjutant General's office, War Department, Washington 25, D. C., Attention: Casualty Branch. Both new and old addresses

SUNDAY DINNER Suggestions

WHEN a vegetable becomes plentiful and low in price in war time, that's a good time to get acquainted with it. So step up and meet the turnip family, white and yellow.

Growers most commonly know the large yellow turnip as a rutabaga, but it merely has other shape and color than its country cousin the white turnip, says the A & P Service for Home-Makers. The white type is popular in southern and northern states. The yellow or rutabaga type is known best in the northern states where it is grown.

Growers and food distributors have developed a process of waxing rutabagas to reduce loss of moisture in storage and on display counters. The paraffin-coated roots keep their quality and firmness so well that in spring and even summer months the yellow type remains in prominent display although a holdover from harvest the previous fall.

Other vegetables bearing a reasonable price tag these days include onions, white and sweet potatoes, parsnips, squash and cabbage. Cold weather has damaged southern crops of green vegetables. Bunched carrots are not as plentiful as usual, but loose, topped carrots bear a lower price tag.

INDIAN GIVERS

The last trip of Scout Troop No. 141 to their camp uncovered a funny incident. When the scouts were preparing to leave for home they found there was no gas in the tank of the car and had to hike back.

They finally did get the car back and what should happen about three days later but Scoutmaster Straughan finds about five gallons in the tank. Someone must have had a guilty conscience!

They're Too Young To Leave the Country

Civilian women employees of the War Department may not be recruited in the United States to take a job outside the continental limits of this country, if they are under 21 years of age, states a recent War Department circular. Those young women now undergoing training for an assignment to an overseas position, and to whom commitments for such a position have been made, are exempt from this ruling.

Cereal Menus and Combinations

By BETTY BARCLAY

More and more, in the home, on the train, at the club or in a cool hotel dining room, men and women are ordering cereal and fruit combinations for breakfast and lunch.

It's much different than in the old days when a bowl of cereal and cream at breakfast was about all the cereal we consumed that day. Now, we know cereals have much to offer — those with whole-grain nourishment are included in the Basic 7 — that daily pattern of basic foods for well-rounded meals. There are many delightful cereal combinations, that are a welcome change from our usual breakfast and luncheon menus.

Here are two cereal combinations for lunch — followed by two menus calling for the combinations given. These in turn are followed by two delicious and rather unusual recipes showing how cereals fit into daily menus, in other ways as well as at breakfast-time. For something new, try them and these delightful, healthful and satisfactory menus.

Asiatic History, Algebra, Agriculture — School Days for Marines at Pacific Outpost

Marine artillery veterans of Saipan and Tinian, resting from those campaigns at an advanced Pacific base, decided on "school days" for part of their recreation periods. Arrangements were made for a faculty and curriculum, based on the desires of the men and the qualifications of the teachers. Interest was greater than anticipated, and subjects now include agriculture, mathematics, cartooning and theology. Instruction and study are done solely during spare time; officers and enlisted men sit side by side, studying the same subjects. Many of the men plan to continue this education after the war under the "GI Bill of Rights." A class in Asiatic history (photo at left) is conducted by Lt. John M. Wilkerson (standing) of Emporia, Kan. His students (clockwise from left) are Pfc. Brizzy W. Taylor, Houston, Tex.; Corp. Eino O. Kowunen, Duluth,

"Paper Holiday" Is Declared In California

Realization of America's paper shortage will hit California with full impact during the latter part of December as the state's 700 volunteer salvage committees launch a "Paper Holiday," to last until the need no longer exists.

Local merchants will be asked to banish all unnecessary wrapping of packages, use paper bags only when needed for sanitary or protective purposes, while housewives and other shoppers will be asked to cooperate by carrying their own shopping bags and accepting goods unwrapped. The campaign is directed by state salvage chairman, Judge Edward P. Murphy of San Francisco.

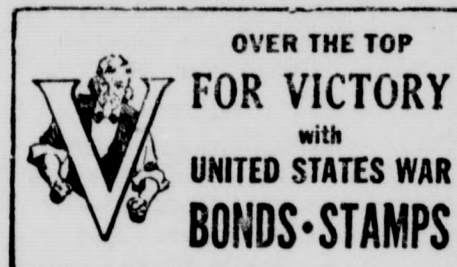

Harold Brayton, War Production Board salvage division chief for California, said the move is aimed at saving thousands of tons of top-grade paper by pinching down on its unnecessary use.

"Overseas packaging of ammunition and other supplies has taken so much paperboard that for a number of months the supply of wrapping paper has been less than 40 per cent of what it was last year," the salvage chief declared. "Unless drastic economies are made right now, by early 1945 there may be virtually none available for even essential packaging

of everyday purchases.

"Even though California's program of salvaging waste paper has been tremendously successful, it is still a fact that a nationwide basis, the full quota of 667,000 tons per month has never been reached in any one month.

"Wrapping paper and paper bags are made of the heavy stock and 'kraft' pulp which are especially vital in making strong water-tight packages for overseas shipments. Saving it is of top urgency and this 'Paper Holiday' is a logical step in trimming civilian uses to a bedrock minimum."

New Home Construction Authorized for Tulare, Not War Housing

The first community quota in Northern California for the construction of new homes other than war housing has been given to the city of Tulare in Tulare county. It was announced recently by D. C. McGinness, director of the Federal Housing Administration of Northern California. The quota calls for sixty family units, of which 25 will be owner constructed, fifteen will be held for rent and twenty will be held for sale.

Under recently promulgated regulations the tenancy restrictions which apply to war housing have been removed for this and similar quotas which may be given other communities in the future. Anyone who can prove the need for a home of the type provided in the quota, may qualify for one of the new dwellings. Construction will be held to a price ceiling of \$6,000 per unit, while the rental ceiling will be held at \$50 a month.

The Federal Housing Administration headquarters at 315 Montgomery street, San Francisco, will accept applications for priority assistance in the obtaining of building materials and for the issuance of the regular insured FHA mortgages for the Tulare quota.

The homes will be constructed under what is known as the H2 provision of the National Housing Act, which provides that non war group housing quotas may be established in communities which can prove the need for this relief.

This significant break in the present routines for home building permitted under war conditions, will prove of interest to a number of Northern California communities where housing shortages exist.

Colma Community Center Scene of Four Xmas Parties in Week

The Colma Community center gave holiday spirit to four Christmas parties last week.

On Wednesday afternoon, December 20, the annual Colma Community Christmas Tree party was given at the center. The program consisted of Christmas carols, several charming dances by Carol Ann Benedetti, recitations by little Miss Judy Gerrans, and most important of all, a visit from Santa Claus, who listened sympathetically to the children's Christmas gift preferences as he passed out bags of candy to all present.

On Wednesday evening that same day the Colma Sunday school, under the direction of Dr. and Mrs. William Harberts, of Grace Presbyterian church, Daly City, gave a beautiful Christmas program. This consisted of Christmas carols, stories and pantomime, bagpipe selections, and several piano numbers with drum accompaniment.

The hall was well filled with an appreciative audience. Many members of Grace church were present. After the program Dr. Harberts distributed balls of popcorn and apples to all present.

Civilian Goods Production Authorized

During the first half of December, with the full concurrence of the entire membership of the Area Production Urgency committee, including representatives of the War Production Board, Army, Navy, War Manpower commission and other government agencies, 19 Northern California applicants have been given permission to produce civilian goods to the value of \$1,069,485 under the spot authorization plan, it was revealed by Henry S. Wright, acting regional director of WPB. Eleven applications were denied, and two which received a single objection were referred to Washington.

"All applications must meet a rigid test as to the availability of manpower and facilities without interference with war production programs," said Wright. "In tight labor areas approval is limited to distress cases and to those applicants who are maintaining standby facilities, and, for a limited period, can use a part of their facilities and a few employees not presently available for war work. In some cases materials are obtainable only from idle or excess stocks, or in case of scarce materials, production must wait on the availability of supply."

LET'S ALL PULL TOGETHER

Surely, out of the experiences of this war, we've all learned to put a higher value on unity of purpose.

Without it, miracles of production could not have been accomplished . . . and the progress of mankind would be stalked by the spectre of "too little, too late."

Let us hope, that out of the darkness of war will come the dawn of a better world in times of Peace. With freedom of action and unity of purpose, there can be no ceilings on progress if we all pull together

Romantic Pair in "Rainbow Island"

Hollywood's latest love team is Barry Sullivan and Dorothy Lamour, currently appearing in Paramount's "Rainbow Island" at the Daly City theatre. Dottie co-stars with that zany pair of comedians, Eddie Bracken and Gil Lamb, while a bevy of hula-hula beauties are on hand to provide the stunning dance specialties. The picture is in Technicolor with the laughs flowing in a steady stream.

"Rainbow Island" Now Playing at Daly City Theatre, New Musical

The public still dictates to Hollywood, apparently, for Dorothy Lamour is back in the South Seas in her newest sarong in Paramount's newest musical, "Rainbow Island," which critics hail as the most lush and lovely of any of the sarongstress' tropical escapades.

Now playing at the Daly City Theatre, "Rainbow Island," we are told, is a palmy, balmy chunk of entertainment filled with color, music and beautiful sarongals. Co-starring with Miss Lamour are Eddie Bracken and Gil Lamb, who, as ship-wrecked merchant seamen in the South Pacific come upon this island paradise with another member of their torpedoed ship, Barry Sullivan.

Orders are immediately given by the Queen of the island for a native dance fete with plenty of food, music and gaiety as the proper background for beheading the three stranded Americans. Fighting mad Bracken turns on his ugliest scowl and behold! he is the image of the native god, Momo, before whom all fall to the ground in worship.

From that point on, we are told, the charm and excitement of the island are explored by Momo and his bodyguard with the help of beautiful and sympathetic native girls. All goes well except that Bracken gets hungrier and hungrier, since native gods do not require food, and if he is caught eating as an ordinary human, all three of them will return to the chopping block.

Including among other things, one of the longest and funniest jungle races ever filmed, a swimming ballet of bride-to-be Lamour and her jungle ladies-in-waiting, a boogie-woogie routine with Gil Lamb and a chorus of sultry charmers, and songs that you'll never forget, "Rainbow Island" promises to be the tastiest bit of musical entertainment to come along this year.

Exemption Favors Veterans in Home Purchasing Plans

Veterans purchasing homes, on borrowed funds guaranteed by the Administrator of Veterans Affairs do not have to meet the OPA requirement that 20 per cent of the purchase price must be paid before a certificate can be issued for the eviction of a tenant, the Office of Price Administration announced today, through San Francisco district rent executive Henry A. Cross.

Areas under rent control in the San Francisco district include the following counties: San Francisco, Marin, Sonoma, Napa, Solano, Contra Costa, Santa Clara, San Mateo, Santa Cruz, Monterey and San Benito.

In explaining the ruling Cross said:

"OPA's rent regulations provide in general that a tenant may not be evicted from occupancy by a purchaser unless at least 20 per cent of the purchase price has been paid.

"This amendment to the rent regulations, which became effective December 27, was made to eliminate any possibility that a veteran might be unable, because of rent regulations, to obtain possession of housing accommodations purchased through aid provided by the federal GI Bill of Rights."

San Mateo County Population Increases

Population of San Mateo county at January 1, 1945, will be 167,000, California Taxpayers' association stated today, making public its annual estimate of population of California counties.

Population of the county a year ago, the association estimates, was 150,000. The 1940 federal census showed 111,782 people in the county. Since 1940, the county has grown by 55,200 persons, or 49 per cent.

Population of the state of California is estimated at 8,842,700 for January 1, 1945, according to the Taxpayers' association. This is a gain of 1,935,300 from the 6,907,387 persons in the state at the time the April, 1940, census was taken and is an increase of 28 per cent in less than four years. Population of the state a year ago, January 1, 1944, was 8,373,080.

Twenty-one counties in California have had increases of 20 per cent or more in population since the 1940 census was taken, the association estimated. These are Alameda, Contra Costa, Inyo, Kern, Lassen, Los Angeles, Madera, Marin, Monterey, Napa, Orange, Riverside, San Bernardino, San Diego, San Joaquin, San Luis Obispo, San Mateo, Santa Clara, Solano, Stanislaus, and Yuba.

Thirteen counties have apparently had decreases in population since the 1940 census. These are Alpine, Amador, Calaveras, Del Norte, Imperial, Mariposa, Mono, Nevada, Plumas, Sierra, Siskiyou, Trinity, and Tuolumne.

SOME RACKET!

The Treasury Department, Police department and Better Business Bureau of San Francisco joined forces recently in an attempt to locate a young man who has defrauded local housewives by collecting money for War Bonds and nylon hosiery.

Complainants state that the man first telephoned them, stating he was an official of a downtown women's specialty shop and that in order to boost War Bond sales, the shop would sell a pair of nylon hosiery for \$1.44 to every War Bond purchaser. When they agreed, he promised to send a man around to their home to collect the money.

The complainants report that they were told that they could call at the shop within a week to pick up the hosiery and the bond, but that when they called at the shop no one there had any knowledge of the matter. No receipts were given to any of the victims.

The Bureau again pointed out that it is exceedingly unwise to pay money to strangers, and asked that any housewife approached on a deal of this kind should report the facts to the Bureau for investigation as soon as possible.

Let's Have Frosting

Frosting on a cake is more than a "treat", it helps to keep the cake moist as well.

For professional-looking cake, apply frosting as follows: (1) Allow cake to cool, and brush off loose crumbs. Spread frosting, evenly and fairly thin over sides with spatula or knife. (2) Pile remainder on top, spreading lightly toward edges, leaving most of the frosting in the center. (3) Run spatula over sides again to fill in any spaces and to set frosting in place. (4) Let frosting "set" well before putting cake away or attempting to cut it.

WW II PENSIONS FOR OVER 21,000 NEGROES

Receiving pensions from the Veterans' Administration for disability incurred in or aggravated by World War II service are more than 21,000 Negro veterans.

Livable Style

SHOWPIECE knitted blouse, leagued with a long skirt, bespeaks the practicality of the fuel-proof fashion adopted by CBS actress Beverly ("Stars Over Hollywood") Brown for holiday festivities. Glistening with gold and iridescent bead embroidery, her Chinese red sweater provides the bright answer to more formalized dressing.

Pictured above are the participants at the reception following the wedding of Miss Gracia Continolo and Daniel Rossa, U. S. Navy. The reception was held at Colombo hall.

OPA Enforcement Warns Against Illegalities

Warning housewives and other consumers, as well as all retail merchants, that the use of red and blue ration points issued before December 1 has been made illegal by the new Washington OPA rationing regulations which went into effect at midnight, December 25, George A. Faraday, chief enforcement executive of the San Francisco district office of the Office of Price Administration, issued the following statement today:

"The order of the Office of Price Administration tightening rationing regulations and returning all canned vegetables to the ration list cancels all red and blue points issued before December 1.

"Use of such points by either consumer or retailer is now illegal and all such points in the possession of housewives or others should be immediately destroyed.

"The Enforcement division is now conducting a concerted drive to see that all retail outlets conform to the new regulations and that they have, at all times, the proper point values in their possession."

Rich Background

ROMANTIC REVIVAL of Edwardian capes gives practical warmth and beauty to furless winter coats. Combining the released style with a snug-fitting coachman's model, CBS actress Mildred ("Inner Sanctum") Linn selected rich midnight blue because of its blending tones with high style jewel-tone accessories. For dressy occasions Miss Linn matches her turquoise feather hat and long gloves. The trig lines of the coat accept tailored accessories with equal ease.

BABIES

The following are receiving congratulations on the birth of babies: Mr. and Mrs. William J. Feole, Daly City, December 19, a son; Mr. and Mrs. Henry G. Tabarez, Daly City, December 9, a daughter; Mr. and Mrs. Wendell B. Lathrop, a daughter, December 13.

Army Loaf Overseas Carries A Date

Three loaves of each six-loaf pan of bread cooked in the ovens of the Quartermaster Corps bakers on duty in the European theater are marked with numerals indicating the day of the month. Pieces of wood pronged with the sharp end of nails, are used for pricking the figures in the dough as it slides into the oven.

About 20,000 pounds of bread are baked daily by a bakery unit of 80 men and officers and the dates guide the depot and mess officers for distribution of the rations.

Miss Lola Giusti, Colma Girl, Bride of Jack Steckton, of Oregon

Miss Lola Giusti, well known Colma girl and daughter of Mrs. Catherine Giusti, 91st avenue, Colma, and Jack Steckton, U. S. Navy, Oregon, exchanged vows in a simple, but lovely ceremony held in the Holy Angels church, Colma, Tuesday evening, December 26 at 6:30 p. m.

The bride, given away by her brother, wore a beautiful white satin dress with a long train, and a finger-tip veil trimmed with pearls. She carried a bouquet of gardenias and bouvardia, with an orchid in the center.

Maid of honor was her sister, Miss Lani Giusti, who was attractively dressed in a lime organdy gown and carried a lovely bouquet of lavender sweetpeas. Best man was Clarence Steele, Torpedoman 2-c of Pennsylvania.

Following the ceremony a reception was held at the bride's home where many friends and relatives were in attendance.

The bride and bridegroom are leaving for Oregon Saturday and from there will go to Seattle, where they will make their home temporarily.

Bright Forecast

A MIDAS TOUCH of gold trim was used by designer Mollie Parnis to highlight dress-up virtues in the American beauty jersey worn by CBS singing star Patrice ("Family Hour") Munsel. Long after the mistletoe season is gone, this non-wrinkling favorite will make news in all climates with its clever expression of the new extended and sleeveless shoulder fashion.

O'Connell to Head National Red Cross War Fund Drive

The San Mateo County Chapter of the American Red Cross announces the appointment of Daniel O'Connell as chairman for this county, of the National Red Cross War Fund Campaign for 1945—scheduled to begin March 1 and to be completed in two weeks. The National quota is \$180,000,000, the local quota \$216,000.

O'Connell, a native son, received his education in the California schools and has been a prominent resident of San Mateo county for 16 years. He has served the community as a leading member of many outstanding organizations and is well qualified to head this drive. These funds will enable the Red Cross to maintain and continue its gigantic services for the men in the armed forces and their families, both at home and abroad.

Mechanized War Boosts Prestige of American Vehicles

Impressive operation of our mechanized Army abroad has boosted the prestige of American vehicles to a new high, according to Ed Challinor and Joe Davis, Studebaker service representatives just back from battle areas.

"Once a civilian learned we were associated with an American automobile company, he invariably asked when American cars would be available to him," reported Challinor. "Of course, that was a question we couldn't answer."

Challinor and Davis served as civilian experts in both the French and Italian theaters on the Weasel, Studebaker's amazingly versatile military carrier.

"Our maintenance schools in France were of the hit-run variety," said Davis. "Front lines were advancing so rapidly that we seldom found a unit where it was supposed to be. Generally, the commanding officer gave us the men he could spare during 'breathers' in the fighting."

"In one instance, we held school in a glade near a by-passed pocket of German resistance. G. I.'s, who have come to know the dependency of lives on the condition of their vehicles, gave us close attention. It was more difficult for us to disregard the sporadic fire and skirmishes in the distance."

Nation's Intercity Bus Lines to Invest in New Busses When Possible

Six thousand motor coaches, presenting an investment of 90 million dollars, will be ordered by the nation's intercity bus lines as soon as the lifting of wartime priorities permits their manufacture. In addition, a program of rehabilitating all present equipment will provide employment for tens of thousands of automotive workers. These were the findings of the National Association of Motor Bus Operators as the organization completed a survey of the industry's postwar needs.

"Normally, the country's intercity bus lines require upwards of 2,000 motor coaches a year," said Arthur M. Hill, association president. "Because transportation is vital to the war effort, the manufacture of a limited number of busses has been permitted in the past three years, but far less than the actual requirements were met. Furthermore, these are Victory models that lack the comfort and luxury features postwar travelers will demand."

"While the intercity bus industry's requirement of 6,000 motor coaches may appear small in comparison with the projected market for passenger cars," Mr. Hill explained, "it should be remembered that highway busses, with new luxury appointments, will average \$15,000 in cost and will require a correspondingly greater number of man hours for manufacture. Even when the pent-up demand is met, the anticipated postwar travel boom will send requirements for subsequent years above previous levels."

The plans of nearly all bus companies also provide for the complete rebuilding of a major portion of their fleet when manpower and parts are available. This will offer employment for thousands of ex-service men.

READING & WRITING

BY Edwin Seaver AND Robin McKown

You can always depend on A. J. Cronin to tell a good story, and he doesn't disappoint us in his latest novel, "The Green Years."

"The Green Years" is about a little boy during the painful years of adolescence, and the setting is far away—a provincial Scottish village. Robert Shannon, orphaned and alone, has been sent to live with his maternal grandparents. He finds himself in a hostile world; his name, his clothes, his religion are all the wrong kind for the new environment.

His grandmother is a good old soul, and colorless. His grandfather is about as mean and scrimping as they come. It is great-grandfather, however, who is the most stimulating of the family, a wicked old sinner to be sure, but who serves as the youth's buffer against his persecutors and who rises to glorious heights before the story is over.

Dr. Cronin is also the author of "The Keys of the Kingdom," which was a Book-of-the-Month Club selection and which Twentieth Century-Fox will soon bring to the screen.

Funerals were one of the foremost forms of entertainment in her Cape Cod village, Edith Austin Holton reports in "Yankees Were Like This." Once when old Mr. Applebee was rushing to a friend who tried to stop him was told, "Hold on, Abner. I'll have to hear ye out another time. Right now I'm headin' for Silas Bacter's funeral and it's somethin' I've been wantin' to go to for so long I ain't aimin' to lose a minute of the pleasure."

Burges Johnson, in "As Much As I Dare," tells that once when he was a little boy, his mother took him and his brother to visit the poet Whittier. In advance, she admonished them to treasure every word the poet said so they might relate them to their grandchildren. Writes Mr. Johnson, "We were as little interested in grandchildren then as in poets, but I still remember all his words to us." It seems they were climbing a tree, which they afterwards learned was Whittier's especial pride. High up in the branches, neither of them noticed the slender, white-haired old man in a fur-brimmed black hat who was hurrying toward them. He shook his stick at the boys and said, "Here, get down out of that tree." No Burges Johnson never forgot those words.

NEW YEAR

For each of us and for the nation the New Year provides an opportunity to check over accounts, list assets and liabilities, and to lay plans for something better.

Although the old year has been a tough one, we like to hope that most of the bad news of the war is behind us. We should be braced for some military reverses, but we have some substantial grounds for hoping that the New Year may be the last one of the war in Europe and the beginning of the end in Asia. We are proud of the efficient fighting machine our democracy has created.

Meantime we have a year of other accomplishments on which to look back. In the first place, the political crisis which all other nations are now facing or will have to face before long is behind us. We have counted the votes, we have debated the issues, and we have set the course.

In the second place, the industrial crisis—the enormous problems of production and conversion—is also behind us. We shall have to be everlastingly at work to fight the war of production, but our production establishment is ready, we trust, for any demands the war can place upon us. We know that no other nation could have made as much war material and delivered it as we have had to do. It is not a perfect job by any means; but it was well enough done to give us confidence that we can, if we will, solve other great problems.

These other problems—those of maintaining our ideals of a free world, of striving to perfect our own form of society and government, of taking care of our war casualties and the veterans and their families, of designing a peace at home and abroad that will be just—are for us to face in 1945. On the basis of the old year, we can face these problems with confidence bred of the bitter struggle that they too will yield to our intelligence, hard work and sincerity.

DRAFT QUOTAS GO UP

It is not surprising that the intensity of Germany resistance on the Western front is forcing our Army chiefs to revise their manpower requirements. The victory that seemed but weeks away in the early fall has now receded deep into 1945.

In line with the increased military needs, California's draft quota will be 20 per cent higher in January than originally scheduled. In February, it is expected to be 40 per cent above December. This will mean some occupational deferments will be revoked. Physical standards will be less exacting, and many who have been rejected will be re-examined.

California rural communities are watching the draft developments with especial interest. At this time of the year labor needs on the farms and in the transporting of farm produce are comparatively low. But there is concern lest much of the manpower needed during the summer and fall will be drawn into the armed forces during the winter.

This would create conditions even more serious than those which have faced farmers and commercial truckers in the past two or three years. With California crops comprising 10 per cent of the Nation's food supply, it is apparent that sufficient help must be made available to farmers for the harvesting and to truckers who transport almost the entire farm output to markets and canneries.

Undoubtedly these needs will not be ignored by draft boards.

IT MAKES YOUR HAIR CURL!

The absence of nylon stockings has been a blow to the glamour—and vanity—of American women, although we hasten to add they still are the best dressed and the best looking women in the world.

But if our gals think they have their troubles, let them listen to this: In Chungking, a woman was fined \$5,000 for getting a permanent wave. Curly hair is taboo in China. Why? We don't know.

Spartan Service

ROMAN STRIPE TAFFETA gives spartan service in reviving a tired suit of basic dress. The hard working gilet is on the market if you're too busy to sew, but CBS actress Gertrude ("Perry Mason") Warner says it can easily be made by the home dressmaker. The fabric must be cut on the bias, folded halter-like around the neck and held in place at the waist with a self-material belt.

NEW ARMY HOSPITAL CAR CARRIES 36 PATIENTS

The Army's new specially designed hospital car, which costs \$56,000, accommodates 36 patients and two attendants, the Ninth Service Command Surgeon said today.

DRIED FOOD FOR ARMY

More than 72,500 tons of dehydrated vegetables and 12,000 tons of dehydrated fruits will be purchased for the armed forces overseas during the current fiscal year, the Ninth Service Command Quartermaster declared today.

Entertaining, New Year's Eve or New Year's Day

FRIENDS coming to your house, on either of those important dates? Here are some suggestions that may help you plan what to serve them. For

NEW YEAR'S EVE

a midnight "snack" in the grand manner might include easy-to-prepare items as:

French Onion Soup
French Bread or Hard Rolls, Toasted
Celery—Pickles
Green and Ripe Olives
Lots of Coffee!

Or, if you'd rather serve something more along the breakfast line:

Scrambled Eggs and Bacon
Hashed Brown Potatoes
Toast or Soft Rolls
Jam or Marmalade
Lots of Coffee!

And whether it snows or rains or the sun shines cheerfully,

NEW YEAR'S DAY

presents an ideal opportunity for holding an open house, when folks may drop in for a friendly visit. It's nice to have a few little tidbits for their refreshment—such as plenty of:

Sliced Fruit Cake
Nuts—Candy
Coffee or Punch

If your New Year's Day plan calls for a family dinner rather than an open house, let it be built around a hearty meat:

Baked Ham or Meat Loaf
Creamed Onions
Baked White or Sweet Potatoes
Pickled Fruit or Cranberry Sauce
Lettuce Wedges with Favorite Dressing
Orange and Grapefruit Cup
Sliced Fruit Cake—Nuts
Coffee

FRESH FOODS PROVIDED FOR HUNGRY SOLDIERS

Approximately 70 per cent of the food served by "Gee-Eye" cooks in the United States is perishable, and requires careful and immediate preparation, the Ninth Service Command Quartermaster pointed out today.

COTTON GOES TO WAR

Compared to the average civilian need of 20 pounds of cotton annually, the average soldier requires 250 pounds, the Ninth Service Command Quartermaster announced today.

"DOUGHBOY" PA HAD LESS EDUCATION THAN GI SON

Of the soldiers in the present war 23.3 per cent are high school graduates as compared to 3.5 per cent of the soldiers in World War I, the Ninth Service Command School division announced today at Fort Douglas, Utah.

ASF RESPONSIBILITIES ARE TREMENDOUS

Movement of troops, disposal of military installations and the flow of men into reception and separation centers are among the many activities of the Army Service forces, it was pointed out today at Ninth Service Command headquarters, Fort Douglas, Utah.

TIRE CHAINS VITAL TO WINTER DRIVING

When used properly, chains can prolong the life of vitally important automobile tires, while careless use of chains will damage tires as much as ice and snow, the Ninth Service Command Ordnance officer warned today.

"GEE EYES" RATE BICYCLING TOPS IN RECREATION

Among the most popular recreations of overseas returnees at Army Ground and Service Forces Redistribution Station, Santa Barbara, California, is bicycling.

1500 MILITARY POSTS NOW ACTIVE IN U. S.

There are at present 1500 posts, camps and installations or their components functioning throughout the nation.

The Palace of Fine Arts, last standing landmark of San Francisco's 1915 Panama-Pacific Exposition, is now being used by the Army.

Qualified Entry

SIMPLER, FEWER AND BETTER clothes, the clever girl's solution to a limited wardrobe, requires studied consideration of conservative styles. Seeking an all-purpose dress, CBS actress Charita ("Second Husband") Bauer hit upon a collarless wool crepe in complexion-flattering aqua. The solitary ceramic button and fluted edge of the overblouse give decorative detail to slender, fitted lines. Don't overlook the tricky soft pleat dropping from a smoothly tailored shoulder.

IDEAS ABUNDANT—SAVINGS DITTO

The Army Service Forces program, "Ideas for Victory," through adoption of 13,000 economy suggestions, has saved an estimated \$11,000,000 since inauguration in June, 1943, it was announced today by the Ninth Service Command civilian personnel division at Fort Douglas, Utah.

HOLY SCRIPTURES ARE GIFT TO SOLDIERS

Distribution of 581,660 books of Holy Scriptures at Army Service Forces installations in the United States has been made by Army chaplains in the past 40 months, the Ninth Service Command Chaplain said today.

ARMY PRINTING JOBS SPEEDILY PRODUCED

In 20 days the field printing plant at Fort Douglas, Utah, produced 217 standardized printing and reproduction jobs for Ninth Service Command installations.

"C" RATIONS DRESSED IN RUGGED WRAPPER

Type "C" rations, for fighting men overseas, are now shipped in rugged Victory fiber board containers which have withstood as many as 100 handlings en route to final destinations, it was reported today by the Ninth Service Command Quartermaster.

Employees' Cafeteria At S. F. Airport Needs Additional Workers

At the San Francisco Airport, United Air Lines recently opened a new cafeteria for its employees who are directly serving the vital war industry of air transportation.

This cafeteria is one of the most modern in the Bay Area. It has the latest equipment, is well lighted and ventilated—in short, it is a fine place to work.

So important is this cafeteria, it is open 24 hours a day serving United's war workers. But to keep it operating around the clock, additional workers are needed.

Here are the positions which are open today:

Assistant Cook — man or woman with commercial cooking experience.

Restaurant Helpers — women to work as counter waitresses, as bus girls, and at the steam tables.

Kitchen Helpers — men or women for general utility work.

Janitors — men or women needed.

All cafeteria employees receive two meals a day; uniforms free except to cooks. Free laundry. Rotating shifts.

Apply in person, United Air Lines, San Francisco Airport, Bayshore Blvd. at San Bruno Ave., or 421 Powell Street, San Francisco.
